# HISTORY

# Company Introduction

EZshine Diamond Clean Technology Co., Limited originates from Ashine Diamond Tools. Since 2020, EZshine will separately operate from Ashine and focus on the floor cleaning and polishing market.

Ashine is a state-of-art leader in manufacturing a full range of floor grinding and polishing diamond tools as well as a specialist in various floor system solutions.

Located in Fujian province, established in 1993, Ashine manufacturing center now equips with a monthly capacity of grinding and polishing tools of above 1,000,000 pieces, 95% of which are exported to Europe, America, Asia, and Pacific areas.

With more than 27 years of continuous efforts, Ashine has achieved 69 patents, including 43 certificates of registration issued by EUIPO (EUROPEAN UNION INTELLECTUAL PROPERTY OFFICE). Ashine is ISO9001 certified as well as accredited by the MPA Germany Safety Regulation.

Our R&D centre is committed to diamond grinding and polishing technology, and cooperates with Sichuan University, Xiamen University and professor teams from United States. Besides, we also cultivate the talents with universities in the respect of researching superhard materials and its application.

Since 2006 to 2017, we successively developed the concrete burnishing pad, 100% mechanical polishing system for marble floor and the floor cleaning and polishing pad system.

In 2020, EZshine Diamond Clean Technology Co., Limited. was established which will focus on running EZshine Brand and the product line: floor cleaning pads system and professional polishing pads system. Ashine will continually focus on developing the diamond tools for the floor preparation, grinding and polishing market.

With our high core value of Consistent Quality Product, Trust and Reliability with our partners, our Strong R&D and Innovations, we sincerely hope to continue to work and improve our relationship with our global partners.

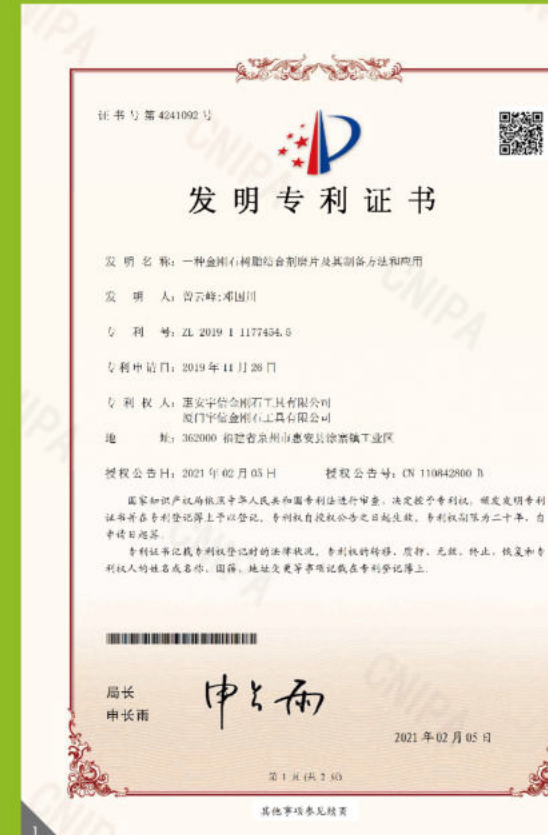

# Certificates & Patents

ISO9001

EZshine® Registration Certificate

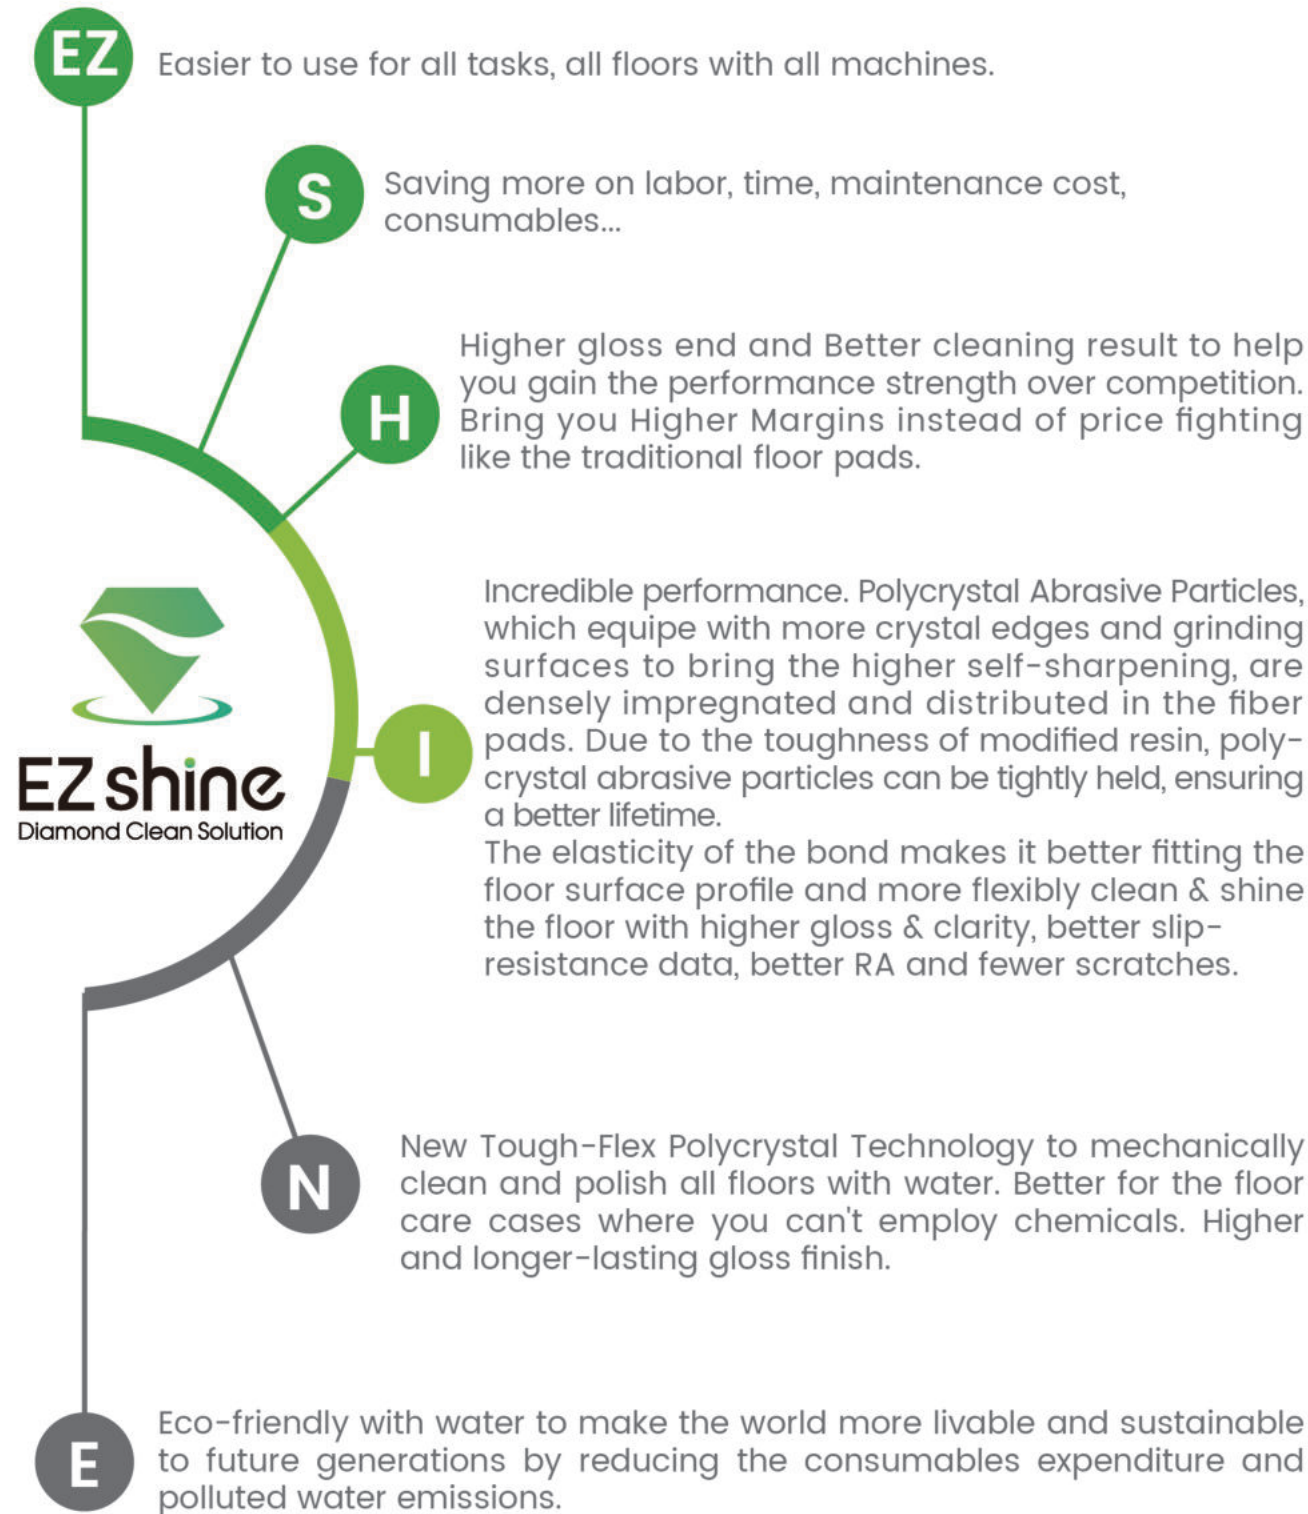

- Invention Patent for Mshine Marble Pad (1)
- ISSA Member Certificate (2)
- Part of EUIPO Patents for EZshine Floor Polishing Pad (3-1-2-3)

# Why EZshine Pad

# Why EZshine

27-year experience focusing on diamond tools for floor grinding and polishing.

Complete floor pads system. Various solutions are available for all tasks on all floors.

Strong R&D. Collaborate with top universities in both United States & China. 69 patents by EUIPO; SDS ISO9001 certificate, ISSA member ...

Complete QC system and team. On-site QC, Production Tracking Management, "6S" Management, frequent regular training to ensure quality.

Consistent quality. Our mission, Our promise, to offer consistent good products for our clients.

Punctual and quick delivery time. A specific production line and team will ensure you could receive what you need on time.

Long-term partnership. Always seek and foster long-term cooperation with clients and hope to grow up with partner together.

Marketing aids. Websites, Cleaning Journals, Fairs... we will invest more to help you expand the market. Marketing tools including Catalogs, Customized Training Tools, Instruction Manual for the end-users, Videos ... will be open to you. As long as it can help you expand the market, we will support you somehow.

Game-changing EZshine Tough-Flex Polycrystal Technology. EZshine floor pads can bring you Twice Lifetime, 50% Labor Savings, Higher Clarity and Gloss than other competitors. Maximum Performance, Maximum Efficiency, Maximum Profit & Minimum Consumption.

Only dealers, no end users. Never sell products to end-users. Always protect your market as a faithful supplier.

The Exclusive agreement in some markets is open for discussion.

# Standard Series for Floor General Purpose Care

Maintenance Pad		EU PATENT NO:002298943-0012	
Item No.	Diameter	Roughness	
	inch / mm		
ESR*P4/5/6/7	5"/125-27"/685	Coarse-Medium Fine-XFine	
*=Diameter Size			

## Recommended Machine:

- Scrubber dryer machine.
- Orbital machine.
- Single disc machine with 150-400 RPM.
- High-speed burnisher up to 3000 RPM (Green Pad Only)

## Typical Application:

- All floor types, all floor care tasks and all floor cleaning and polishing machines.
- Red-Coarse 1#: For deep cleaning, removing deep scratches and stains to leave a clean and well-prepared surface.
- White-Medium 2#: For scrubbing, to remove small scratches and leave a matte-finish look.

- Yellow-Fine 3#: For floor maintenance, to leave a satin-finish look.
- Green-XFine 4#: For polishing, burnishing or daily cleaning, to leave a high gloss end. Use it on a daily basis, the clarity and shine of the floor will increase and stay longer.
- Available for using as a kit solution or a separate step.

## Features/Benefits:

- Eco friendly and healthy. With water only, it can clean and polish all floors. (Green chemicals also available if necessary)
- Longer-lasting and higher clarity and gloss.
- Fit for all floor cleaning and polishing machines.
- Safer. Provide a more slip-resistant floor after cleaning.
- Cost-saving on consumables, time and labor compared with traditional floor pads.

## Available Size:

- 5" , 7" , 8" , 9" , 10" , 11" , 12" , 13" , 14" , 15" , 16" , 17" , 18" , 19" , 20" , 21" , 22" , 24" , 27"
- Other customized sizes are available.

## Available Shapes:

- Round, Rectangle and other customized shapes are available.

## Maintenance of Pad:

- Rinse the pads thoroughly with water after each use.

# High Performance Series for Floor General Purpose Care

Xshine Pad		
EU PATENT NO:002298943-0012		
Item No.	Diameter	Roughness
	inch / mm	
ESR*S4/5/6/7	5"/125-27"/685	Coarse-Medium Fine-XFine
* =Diameter Size		

## Recommended Machine:

- Scrubber dryer machine.
- Single disc machine with 150-400 RPM.
- Orbital machine.
- High-speed burnisher up to 3000 RPM. (Pink Pad Only)

## Typical Application:

- All floor types, all floor care tasks and all floor cleaning and polishing machines.
- XRed-Coarse 1#: For deep cleaning, removing deep scratches and stains to leave a clean and well-prepared surface.

- Pink-XFine 4#: For polishing, burnishing or daily cleaning, to leave a mirror-finish look. Use it on a daily basis, the clarity and shine of the floor will increase and stay longer.
- Available for using as a kit solution or a separate step.

## Features/Benefits:

- Eco friendly and healthy. With water only, it can clean and polish all floors. (Green chemicals also available if necessary)
- Quicker to raise higher clarity and gloss with less steps.
- Safer. Provide a more slip-resistant floor after cleaning.
- Super lifespan with higher and upgraded Polycrystal Abrasives contents.
- Fit for all floor cleaning and polishing machines.
- Cost-saving on consumables, time and labor compared with traditional floor pads.

## Available Size:

- 5" , 7" , 8" , 9" , 10" , 11" , 12" , 13" , 14" , 15" , 16" , 17" , 18" , 19" , 20" , 21" , 22" , 24" , 27"
- Other customized sizes are available.

## Available Shapes:

- Round, Rectangle and other customized shapes are available.

## Maintenance of Pad:

- Rinse the pads thoroughly with water after each use.

# Aggressive Pad for Floor Renovation and Stripping

EZstrip Pad		EU PATENT NO:002298943-0012
Item No.	Diameter	Roughness
	inch / mm	
ESR*S3	5"/125-27"/685	XCoarse
* =Diameter Size		

## Recommended Machine:

- Scrubber dryer machine.
- Single disc machine with 150-400 RPM.
- Orbital machine.

## Typical Application:

- For coated floors, the heavy-duty stripping works can remove away old chemicals coatings/layers/finishes to prepare for the re-coating job.
- For hard floors and stone floors, good for deep cleaning jobs to remove away the hard stains and deep scratches.
- A high-speed burnisher machine is not recommended with this step.

## Features/Benefits:

- Eco friendly and healthy. With water only, it can deeply clean all floors. (Green chemicals also available if necessary)
- Comprise rich aggressive Polycrystal Abrasives contents.
- Effective and faster stripping with one step.
- Cost-saving on consumables, time and labor compared with traditional floor pads.

## Available Size:

- 5" , 7" , 8" , 9" , 10" , 11" , 12" , 13" , 14" , 15" , 16" , 17" , 18" , 19" , 20" , 21" , 22" , 24" , 27"
- Other customized sizes are available.

## Available Shapes:

- Round, Rectangle and other customized shapes are available.

## Maintenance of Pad:

- Rinse the pads thoroughly with water after each use.

### Typical Application:

- Wet use with water or dry use with high-speed burnisher.
- Available for polishing, burnishing, daily cleaning all floors.
- Extremely good for coated floors.
- Leave a high gloss end.

### Features/Benefits:

- Eco friendly and healthy. With water only, it can clean and polish all floors. (Green chemicals also available if necessary)
- 3 in 1, multipurpose in one pad.
- Fit for all floor cleaning, polishing and burnishing machines.
- Cost-saving on consumables, time and labor compared with traditional floor pads.

### Available Size:

- 5", 7", 8", 9", 10", 11", 12", 13", 14", 15", 16", 17", 18", 19", 20", 21", 22", 24", 27"
- Other customized sizes are available.

### Available Shapes:

- Round, Rectangle and other customized shapes are available.

### Maintenance of Pad:

- Rinse the pads thoroughly with water after each use.

# 3 in 1,Clean,Shine and Burnish

XGloss Pad		EU PATENT NO:002298943-0012
Item No.	Diameter	Roughness
